## SUED BY GROWERS

Test of Crecelius Law to be Made in Court at Owenton

A sensational suit growing out of the tobacco situation has been filed in the Circuit Court at Owenton against County Judge W. P. Yancey by Jones Schooler, a tobacco grower, alleging false imprisonment.

Recently Schooler sold tobacco he had pooled in the Equity Society to an independent concern in Cincinnati for high prices.

Under provisions of the Crecelius Law, enacted by the recent Legislature, which prohibits, under a heavy penalty, the sale of pooled tobacco, Schooler was arrested on his return home and placed in Jail, Judge Yancey, it is alleged, refusing to accept his proffered

\$5,000 bond. Schooler was later released and this suit followed.

This is the first case of the kind in the State, and as the constitutionality of the Crecelius Law is involved, the outcome will be watched with interest by growers everywhere, as well as the State and county officials.

At Atlantic City a woman bather had got beyond her depth and was struggling helplessly in the water. A boat was soon put out and just as the man was reaching over to grasp the lady a saucy wave separated her from her wig, whereupon she instantly cried: "Oh, save my hair! Save my hair!"

"Madam," responded the guard with dignity, "I may be a life saver, but I am not a hair restorer."

## CONFIRMED

Is the Report That Hagglin Will Ship Horses to South America

Manager Charles H. Berryman of Elmeendorf Farm confirms the report sent out from New York that James B. Hagglin has made up his mind to send some of his many thoroughbred stallions and mares to market in South America.

The expectation, however, is that there will be five carloads and that 10 stallions will be included in the number. The supposition is that the horses will leave by express early this week, and will be at once put on board a steamer sailing from New York to South America.

## DR. HEFLIN INJURED

Former Maysville Man Nearly Loses His Life at Detroit

Saturday's Times-Star.

Dr. and Mrs. W. R. Heflin of Newport reached home Saturday from a two weeks' trip on the Great Lakes. During their stay at Detroit the Doctor narrowly escaped serious injury by a fall from an electric car. He boarded the car for a ball game and in the great rush was crowded from the side board, the wheels barely missing him as he fell to the street. A suit of clothes was ruined and both knee caps were severely injured. The injury, however, was not sufficient to keep him from the game.

REPUBLICAN TICKET.

FOR PRESIDENT,  
WILLIAM H. TAFT,  
of Ohio.

FOR VICE-PRESIDENT,  
JAMES S. SHERMAN,  
of New York.

FOR CONGRESS,  
Hon. JOSEPH B. BENNETT.

WHAT can a laboring man hope for if Mr. BRYAN is elected?

JUDGE TAFT's religion is nobody's business but his own business.—St. Louis Republic.

WITH all the Taft Clubs and the Roosevelt Big Stick the Judge should get there easily.

MR. BRYAN wants the intermarried to either put up or shut up. The farmers will find it cheaper to do the latter.

ONE thing is certain: In Marse HENRY Mr. BRYAN has the most distinguished and brilliant "press agent" of any of them.

SUBSCRIPTIONS to BRYAN's Commoner are pouring in, but campaign subscriptions are lagging behind. Mr. BRYAN is half pleased, at least.

MR. BRYAN is preparing for another swing around the Presidential campaign circle. When you give a calf plenty of rope he generally hangs himself.

QUEEN ALEXANDRA of England has announced that the sheath gown will not be tolerated at her Court this winter. King EDWARD is not so particular.

WHAT may a business man expect if Mr. BRYAN is elected?

A FLORIDA town has passed an ordinance regulating the speed of airships over head. Reform is marching on.

THE aviators are having as much difficulty in getting their flying machines to fly as W. J. BRYAN is having in his ceaseless endeavors to corral the Presidency.

JUDGE WATTS PARKER at Lexington hands down an opinion that Lexington barbers have no right to shave a man on Sunday and says that shaving is a luxury. This jurist now has a chance to broaden his fame by declaring that bathing and shoe-shining are luxuries and should be dispensed with on Sunday.

ON and after October 1st, 1908, the rate of letter postage between the United States and Great Britain and Ireland will be 2 cents per ounce, the same as the domestic rate. The same rate is already in effect between this country and Canada, (not including Newfoundland,) Cuba, Mexico, Panama and the Philippines.

THE Washington Post says of the demand of the American Newspaper Publishers' Association for special legislation for their benefit:

"The Post is as anxious as any other newspaper to buy print paper cheaply, but it cannot bring itself to the point of making a special plea to Congress in its own favor without regard to the general benefit that ought to come from an intelligent and complete revision of the Tariff. A newspaper has the confidence of the public only when it stands for a square deal for all the people. When it forgets its character as spokesman for the public and becomes a spokesman for itself alone it need not expect that the public will overlook the change."

GREAT Britain's drink bill in 1906 was \$809,681,829, or an average of \$18 per capita. Half of this amount represents money expended for beer, the total consumption of the latter being 33,891,101 barrels. The per capita expenditure for spirits was \$5.82, for beer \$11.35 and for wine \$1.25. Compared with the consumption of previous years this exhibits a considerable decline, the cause of which is a matter of dispute, but it is generally believed to be due to a growing tendency toward soberer habits.

The eighth annual session of the Kentucky County Attorneys' and County Judges' Association will be convened at Crab Orchard Springs Wednesday for a three days' session.

Mr. and Mrs. S. P. Baird of Carlisle passed through Maysville Saturday en route back home, after a visit to Martinsville, Ind., and at Thornton in the Hoosier State, where they attended a big reunion of Thorntons. Mr. Baird resided at Thornton over half a century ago and the social gathering was much enjoyed by all.

Michael Schweitzer, Jr., of Augusta, in Cincinnati looking for his son who disappeared from his home early in August, found him in the City Hospital in a critical condition. He had been working for a farmer in Clermont county and several days ago, while barnsiding a horse, the animal kicked him squarely in the face, fracturing the jaw and the nose into a pulp.

WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily; when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Frederick Dresel, 1238 East Second street, Maysville, Ky., says:

"I consider Doan's Kidney Pills a most excellent kidney remedy, and I am only too glad of an opportunity to speak in their behalf. About five years ago I was bothered by kidney trouble. The kidney secretions were attended with much pain during passage and were very irregular in action. Severe pains across the small of my back were of frequent occurrence and at times greatly interfered with my work. A friend advised me to use Doan's Kidney Pills, as he had taken them for a similar trouble with the best of results, and I procured a box at J. J. Wood & Son's Drugstore. I used them strictly according to directions and they afforded me prompt and effective relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

MR. TAFT does things. MR. BRYAN does people.

WHAT can MR. BRYAN do even if he is elected to the Presidency?

THE Republican and the Democratic Campaign Committees are now both lined up for the Presidential battle and the fun is on.

IN 1876 WATTERSON supported TILDEN, and so enthused did he become that he was willing to march on Washington with an hundred thousand unarmed Kentuckians. TILDEN was never President.

Marse Henry as a Mascot. In 1880 he gave his support to "Hancock, the Superb."

HANCOCK was never President.

IN 1884 he supported CLEVELAND. By the grace of BURCHARD, CLEVELAND was elected by 1,100 votes.

IN 1888 he again supported CLEVELAND, and CLEVELAND was defeated.

IN 1892 he violently opposed CLEVELAND for the nomination, even to the extent of seeing visions of open graves and slaughter-houses.

CLEVELAND was elected by an overwhelming majority.

IN 1896 he supported PALMER and BUCKNER, the patriarchs, with results that are well known. That year is the brightest page in WATTERSON's political career.

IN 1900 God only knows what he wanted, but MCKINLEY was elected.

IN 1904 he spread his pinions and sailed into ROOSEVELT with all the enthusiasm of his spectacular make-up, with the result that PARKER has never yet determined exactly what happened.

Not since the direful days of 1876 has he given a candidate such support as he is now giving the erstwhile soul of dishonor. Who wants to put his money on any horse that carries such a jockey as Marse HENRY?

If such there be let him look at that Democratic majority in 1876, in Kentucky, and that Republican majority in 1907.—Lexington Leader.

RUFUS BROWDER, the Negro and alleged murderer, of Russellville, has enjoyed several free rides at the State's expense. He says he would rather ride on de kars dan swing on a limb.

EVERYTHING seems to be coming TAFT's way. The Springfield Republican, the "last of the Mugwumps" which bolted BLAINE in 1884, at last comes into line and is battling for the big Ohio man.

AFTER JOHN L. SULLIVAN drank up the output of several distilleries and as many breweries, he has gone to lecturing on temperance. It generally ends that way after an old soak has burned his boilers out.

DENUNCIATION of the liquor traffic, an appeal for the sanctification of Sunday and the exclusion from membership in Catholic Societies of those engaged in the liquor traffic were the striking features of the resolutions adopted by the National Convention of the Catholic Total Abstinence Union at New Haven, Connecticut.

MR. BRYAN has been an office-seeker for twenty years and seems to enjoy the exercise. Judge TAFT never was a candidate for any elective office until nominated for the Presidency. Mr. TAFT has the unique and unparalleled distinction of having resigned ten times from municipal, State and Federal offices. It is plain that TAFT is a man who does things.

THE GIRL AND THE CLOCK.

Mrs. Carrie Nation, arrested in Pittsburgh, said that she had been arrested thirty-three times. "I try to do good," she told a reporter. "In trying to do good I take life hard. Some folks, most folks in fact, take it easy—as easy as the new hired girl wanted to take her new place."

"Everything goes by clockwork here," the mistress said to the girl. "By clockwork, mind you. You get up at six, you dine at twelve, and you go to bed at ten."

"Well, if that's all," said the girl with a smile, "I think I can manage it."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
